Short description:	DDA Upgrade Works to Campus Buildings throughout the College

The DDA upgrade program was instigated across the campus buildings to improve DDA compliance.

The works included;

Forming new Wheelchair Access Ramps

Installing new Stairlifts.

Supplying and fitting new Balustrading, Grab Rails, Hand Railings.

Removing non compliant stair sections and replacing with ramps.

Joinery Alterations, including widening Doorways, lowering Counters etc.

Signage.

Installing Automatic Door Systems.

Many of the college buildings are Grade II listed and the works needed to be carried out sympathetically under guidance from the clients representatives and English Heritage.
